Hi Robert

I am slowly picking my way through the blueprints to get a general idea of the breath of what is in the collection. There are some amazing finds, some in such good shape that it looks like they were created last week!

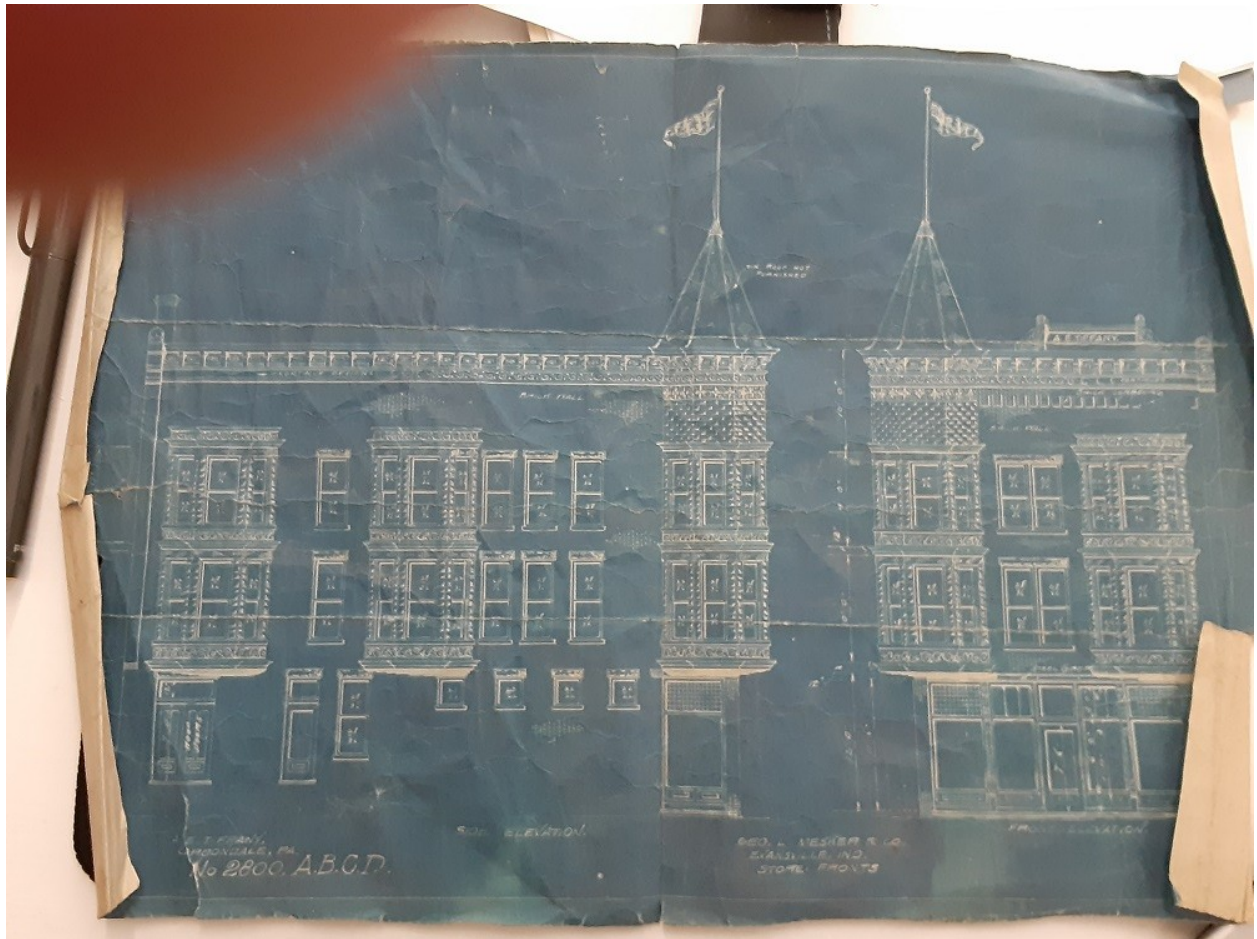

Here is one interesting find. Take a look at the attached photo. This is apparently the Tiffany building, which I am not aware of. Is this familiar to you, and if so, where was it located?

Dave

Dave:

It's possible that the Tiffany Building was/is in Carbondale. Tomorrow, I will take a closer look at the 2nd and 3rd stories of some buildings that are still in the downtown area.

I'll show it to you when you're next in Carbondale.
